

# Declaration of Dimethyl Fumarate (DMF) Compliance

**DMF  
FREE**

## Quality Statement

To Whom It May Concern,

The European Commission passed Directive 2009/251/EC in 2009 requiring member states to pledge not to include products containing Biocide Dimethyl Fumarate (DMF) in the EU market.

The content of DMF in the product or its parts should not exceed 0.1mg / kg (0.1ppm). Desiccant pouches containing DMF are banned from use in products and packaging.

FLEX Connection products and packaging, to the best of our knowledge, do not contain Dimethyl Fumarate as specified in the DMF Directive 2009/251/EC and as such we do not consider any supply risk linked to DMF in relation to products manufactured by FLEX Connection.

Yours sincerely,  
**FLEX CONNECTION LTD.**
